Nolan and Audrey lead an amazing team of professional painters. From the initial quote to the finished project, they were communicative and accommodating. I had a hard time deciding on a stain color but they were patient and gave me all of the information until I was comfortable with white birch. We had scheduling changes and they were always willing to work with my family! I know that there are a lot of options when it comes to home improvement projects, and they can seem daunting. I'm really glad that I had Fresh Coat Painters of Chapel Hill on my team because I never had to worry, or question the work, or value of the project. Overall I'm feeling great about my new deck and I can't wait to entertain ASAP!

On tackling the painting job of a bedroom in two colors, Nolan Williams was both personable, knowledgeable, and fair in his pricing for the job. His painter, Betty Jo Hayworth,has a real flair for color, detail, accuracy, and timeliness. She is one lady who knows her stuff, making a few good suggestions and answering any questions. They met my time schedule, were reasonably priced, and were great to work with. I'd definitely use them again if needed and recommend them to anyone who has a painting project.

Fresh Coat was able to quickly (within a few days of a quote) get 4 bedrooms in my new house painted over a weekend, prior to my furniture being moved in. Very happy with the results. Will use again for future painting jobs!

Nolan is very kind and easy to work with. He was very responsive and prompt and even attempted to do wok through the recent snowstorm. I would definitely recommend them.

My house looks new again! There were some stuck on dirt that they were able to get off because they took the time to go back over it with a higher concentrate. I have already recommended them to a friend!
