The work was quoted in a timely manner and at my convenience. The actual work was performed professionally and at the agreed to time. There were no issues to address or resolve.

I was most satisfied that they were quite thorough in the beginning, especially Dominic. I'm glad he was spear-heading the project. I didn't really care for the project getting turned over to other people and I wasn't fully aware of that in the beginning. As long as they keep the lines of communication open between them and the customer then I think they'll be alright.
