I was most satisfied that the color they did was exactly what we chose. They were very nice and personable while they were working in our home, so it was not uncomfortable with them.

They were very professional. That came out and did the work pretty efficiently and didn't seem to waste materials. The price he gave me was correct in the end. There were no hidden fees. They do good work and I was very pleased with it.

I have suggested them to several different people in the past. I have used them for several years and I haven't had a problem with them.
