Going through a remodel can be a very stressful time for anyone; but the staff from Classic Home Improvements went out of their way to make sure everything went as smoothly as humanely possible. We loved the daily updates to our remodel. Any questions we had were always answered the same day. We would highly recommend Classic Home Improvements to anyone looking to remodel their home. Communication makes everything go smoothly!

We are happy with the job Classic Home Improvement did on remodeling our guest bathroom. We get to choose the product with the help of the in-house designer. The project was completed on time. The project manager communicated with us daily so we knew what to expect. The crews were professional and polite, and they cleaned up daily after they had finished.

Classic Home Improvements has great staff, including their design staff. They have very good communication with the client, their workers, and the project manager. Their buildertrend.com website is easy to use for communication between the project manager, accountants, and clients. We love our newly remodeled master bath and would recommend CHI to others without hesitation.

Our finished product exceeded our expectations! Our project manager, Royce, and our field technician, Kevin, were extremely knowledgeable in all aspects of the project. Their communication was professional and to the point. Kevin's assistant, Chandler, was fantastic & always kept the job site clean. We love our new kitchen!

CHI did a fantastic job on my kitchen and family room remodel. Their design/finish team and the project manager did an excellent job. They really made the process an enjoyable one and we always felt they were right on top of things. I would definitely select CHI again for any future remodeling projects I have.

I would like everybody to know that everybody there was excellent, and the crew was exceptionally wonderful. They knew what they were doing. I had no worries about the quality of workmanship--and I'm a picky person. They were very clean; we didn't even know they were here. Kevin, Roy, and Chandler were great. Chandler was the number one man. Kevin should totally be at the top, too--he was great. He was here every day, and they work great together. I'm really pleased. I never once questioned anything about my personal belongings. They were so careful. They will be back to do two more floors in the kitchen soon.

Simply the best, a shining star in Socal. From the initial meeting with Gordie Guthrie super salesman and great guy to the final OK with Managers Dan White and Royce Rams Ramswick it was about as smooth as it could get. Kelly Walla does and absolutely superb job of helping you pick out everything, Kelly is a wizard with design. The star of the bunch is technician Kevin Kries, what an eye for detail this guy has, give Kevin a raise! Chandler is an up and coming amazing worker as well, there whenever you need him. Nicole Crocker and the office staff are great to work with too getting back to you almost immediately if you have a question or problem. The Pergola turned out perfect.

We highly recommend Classic Home Improvements. Their communication with us on the whole project was impeccable. If there were any questions or problems, they were addressed right away and to our satisfaction. The coordination of every aspect was handled by our project manager, so from start to finish, we were never left wondering what was happening next. They kept to the schedule and finished on time. The expertise of everyone they sent to our home was high quality and gave us confidence that the result of our remodeling projects would be outstanding. And they ARE!
