I am extremely unhappy with the service associated with this company. I signed up for the Ultra Premium product. An option to fill the control joints was never discussed, so after the job was completed I noticed fuzzy lines throughout my garage on top of the control joints. I asked Brandon if we could fix this. Create a hard line or redo the control joints and I would pay for this to be done to have a nice smooth product (dirt is attracted to the control joints and it looks bad a week after power washing). Brandon set up several appointments to address the issue, then he would no show and ignore my calls. The product was installed in January 2018, so I gave him ample time to rectify the issue (eight months). Brandon Baushard is extremely unprofessional.

Once the schedule was confirmed, they came on time and completed the work as scheduled (2 days). I cannot even tell where the repairs were made.

They did everything as promised except for a brief weather related reschedule. The price is a bit high, but their work and outcome is excellent.

The weather was not very cooperative so the scheduling did not work out as planned, but when the guys were able to start the work, they stayed on the job until it was finished.

Jun 11, 2018

Sales was good as one might expect. Delivery was a month later than agreed upon. Communication was not what one should expect. I had to contact them to find out why the first date came and went with no one here for installation.

Delaware, OH
Jun 08, 2018

Columbus Garage Floor coating installed an epoxy floor/flakes in our garage and a metallic epoxy in our basement. Eric and his crew did an outstanding job. They were prompt, courteous and communicated clearly throughout the process (the floors took several days to complete due to the nature of the product). I could not be happier with the finished product....both floors are amazing...and the basement floor is a work of art. Thank you so much!!!

Comment from Columbus Garage Floor Coating

Thanks you for your kind comments. Thank you for working with our scheduling challenges throughout this process. We are proud of the work the guys did from you and it is very gratifying to hear that you feel the same way!

REVIEW

Fred S.
Columbus, OH
Apr 05, 2018

We had our garage floor repaired and coated in 2013 and it still looks like the first day Columbus Garage Floor complete it. It resolved the cracks we had and re-leveled the floor with the diamond grinder; besides sealing it from gasoline, oil, salt, rust etc. I got to pick our colors we wanted and we opted for the large flakes and every year we get complements how well clean and shinny it looks. They even sealed and coated and applied the chips to our wood step going into the house.

Comment from Columbus Garage Floor Coating
Thank you!
