It's really difficult to point to one single individual because the team is terrific. Jen, Shana, Tina, Rich, Diana, Yang He are all so very professional and helpful. They truly believe and embody high quality customer service.

Shana is amazing! She knows the home like the back of her hand and is constantly thinking on her feet since new things come up that weren't planned/expected. We are so very impressed with her and have confidence that she'll make sure our home is well constructed.

I like to recognize Rich, Tina and Shana for their exceptional service. They all went out of their way to do each of their jobs to the highest level. Tina was always in touch and communicating very well and she was a strong advocate of our needs. Shana was meticulous in building the house perfectly. Rich worked hard to try to understand our needs and match those needs against Evoke and find the best compromise. The service was excellent.
