I am so impressed with the workmanship and professionalism of your contractors and how quickly they completed their work. Thank you Sharon for guiding Guy and I and being there through the whole process. Your support meant so much to me. Kudos to Desi for helping us with the selection process, the courteousness of the office manager and making Guy and I feel so welcome at your beautiful facility, Bill (you amaze me!) with your expertise with moving walls and understanding how to make efficient and best use of space, Jeff the framer and his team, Ryan the electrician and his team, Jeff the finish carpenter and his team, Molly the painter and her team, the plumbers, the HVAC team, the floor installers, the cleaning crew, Heath who has already assisted us in minor repairs, and anyone else who had a hand in making our dream home a reality. A HUGE KUDOS to TJ for managing it all! I thank you :-)

The main reason we selected Happe Homes was for the level of finishes that we received as part of the 'base-house price' that would be additional with other builders.

Have already recommended Happe Homes to a coworker and offered to have him walk through our home at Otter Creek so they can see our floor plan and the standard level of finishes.

I could go on and on about Happe Homes. The ideas from the designers and architects were amazing. We never encountered any roadblocks. All responses were positive and worked to satisfy our wants and needs. We are thrilled with our experience and cannot say enough good things about it!

I enjoyed meeting the owner of Happe Homes. The chain of command within the company is excellent. We are beyond satisfied with the quality of the workmanship and materials used. We got many surprises that we didn't know or expect. Generally, surprises in home building are not good, but these were. This is my 4th custom home. The other building experiences were nightmares. This is by far the best experience I have ever had.

I am very satisfied with the way Happe Homes built my home. They were flexible builders and tight on the budget. I was very satisfied to work with those guys and build a Happe Home for myself. I appreciate them for their guidance and their building capabilities.
