I really liked that they were so friendly, that made it a very pleasant experience.

You can not trust them to go shopping because they are gone forever. They also will take 3 hour lunch breaks. They do not like to be criticized. You will be told you are nit picking. The crew is too young.

Freedom Home Design was quick, neat, and cleaned up well. They made very little mess and the product is wonderful.

Don't buy it because it is overrated and overpriced.

Repair of the initial installation problems was exceptional.

There were significant problems with the initial subcontractor installation but Madaris addressed them completely.

Get a lot of information before you buy it.

I was most satisfied with Alenco because they showed me how to work the new tub. They were very nice.

Alenco Inc was very nice and cleaned up everything. They showed me how to use the new tub.

Comment from Alenco Inc

Glad everything went great. Let us know if we can help with anything in the future!

They were very courteous, extremely helpful, and they took their time with us before, during, and after the project. Everything went as they said it would. They were here when they said they would be here. I am very pleased with the service and we love our tub.

We were very pleased with the tub, it did meet all of our expectations and exceeded some. We would recommend them to others. We have already had people ask where we purchased the tub.

The installer Rob Adams is an excellent employee. That man would worry if we had an issue and he is only the installer. Good person. He did a great job for us.

Like I stated prior, we had a few issues and they resolved them as quickly as possible. I am very well satisfied and love the product. I am not sorry that I choose this company and would recommend them for anyone I knew that was looking to purchase one. The comfort of bathing safely is a worry off our minds.
