We used Inspire homes to build a two-story addition and whole house renovation. We love our new home and enjoyed the way Inspire Homes coordinated everything from the start to end of our project, providing a hassle-free experience. They worked hard to meet deadlines and guided us with all choices we needed to make along the way. Rick, Lou and Stephanie were a pleasure to work with and were always available to answer any questions and provide updates along the way. We are very happy with the workmanship and quality of our finished product and would highly recommend Inspire Homes to our friends.

The workmanship warranty. When issues arose there were addressed quickly. Also like the quote and contract process, detailed and well laid out. Was on budget
