We looked around at several different places before deciding on Interior Expressions. They did everything we needed done to make our bathrooms beautiful and spectacular. Everyone that have seen them is envious of how the bathrooms turned out. Interior Expressions gave it the 'WOW' factor we wanted.

The contractor and his crew were wonderful and very expert in each of their jobs. It was a pleasure working with the contractor and the decorator. I always suggest Interior Expressions to friends.

It has been very exciting working with Betty Jones and her staff. The subcontractors all did a wonderful job. Everyone who walks into our house compliments us.

Despite the fact that we were in Minnesota for the duration of our project in Sun City, we never felt out of touch. Out of necessity, very quickly after contacting Interior Expressions we had a plan created by Sara. We had regular communication via email, text and phone, and additional communication as we desired or needed while in Minnesota. Our trust level was such that several times we simply asked Sara to make decisions for us, and we were not disappointed.

Any updating or remodeling project will have a snafu or two or three. I always feel that the mark of a good company is how well problems are resolved. Sara of Interior Expressions stepped in and immediately resolved an unexpected situation at the very end of our project, to our highest satisfaction.

Overall, I would not recommend Interior Expressions. I had a very frustrating experience working with them. They did not get back with me in a timely fashion. They did not work within my budget. On the plus side, their subcontractors were top-notch, professional and courteous. I am happy with the end product, but would not want to go through that experience again.
