Premier Pools & Spas provided outstanding service and communication. The sales part of it was great. It was very thorough and they were very good at educating us. It was top notch service.

The pool turned out beautifully but the process was slow and painful. I would have preferred better communication and quicker response time.

Reid and the rest of the team made us have a good experience. They were extremely knowledgeable and helpful along the way, and the results were absolutely fantastic. We love the way our pool looks, and we have been enjoying it every day since the work was done. Thank you Premier!

Premier Pools & Spas was professional and took care of us. The team went above and beyond to ensure that we were satisfied with our pool. We were particularly impressed with the communication we received from Blake. From start to finish Blake was available to handle all of our needs. Thank you!

The Premier Team was incredible and met all my expectations. The team was fun and professional. We shared a lot of laughs and I feel they really cared about me and my family. I truly believe and was convinced they love what they do. My pool is now a year old and it still looks and operates like the day it was completed. They are always welcomed back to show my pool and would be more than willing to share my experience with potential customers. It took me over three years to find Premier and I understand a pool project can be a scary thing. Trust me when I say your in good hands. Thanks, Reed, Malkiel and Jake. You're are all solid men. They are very professional and knowledgeable. I liked the fact that they created the design on a program on the computer!
