They go above and beyond. They don't just tell you the issue, they educate you about it. They explain how it can be prevented in the future. We don't have any problems because they continually educate us on the proper care for our hot tub.

I've used Valley Spas for my service for nearly four years and when we needed to purchase a new spa. They performed above any expectations I had. There service is done right the first time. I am very pleased with Valley Spa and would not consider using anyone else for my spa service.

Valley Spas always provides excellent customer service. They follow up with any needed items and go out of their way to insure my spa's are always serviced ASAP as needed. Travis, who handles a lot of the service work is wonderful! Jamie is knowledgeable and service minded, which makes owning cabins from a remote location easy when it comes to any spa issues.
