Value for price is exceptional. Staff was extremely responsive and courteous, they did what they said they would do when they said they would do it. All issues were resolved in a satisfactory and expedient manner.

I am very satisfied with the process of working with Watercrest Pools. They made multiple designs and incorporate what we want into them so we get the pool we wanted. They finish the work as expected and I am pleased with the final results.

I heard about Watercrest Pools from my son, who also had a pleasant experience working with them.

I've referred Watercrest to several friends when they've talked about putting in a pool. Sam is a real stand-up guy and I trust him to do the right thing for my friends and family! We love our pool so far!

You guys are great and we're very glad to have chosen to work with you. A project as large scale as this could have been very traumatic and dragged on for a long time, but you guys got in, made it happen, gave us a great product, were professional and great to work with at every step, and we feel like we've gained some friends in the process.

Expertise in design. Even though we didn't have great vision as to what our pool would look like, Sam came through with a product more beautiful than we had envisioned. Expertise, customer service, and communication from Brian was exceptional as well. Brian made the experience so much better than it could have been! Great communication and follow through from April, Rick, and Jeff. Loved Martin and his helper as they did great work and worked tirelessly. The whole process was also very efficient. It only took 5 or 5 1/2 weeks from dig to filling with water.
