We didn't know of such a great company before. They came out on the following day after Allstate Ins. of NJ notified them of a tree falling on our house during a windstorm. They cleaned up the broken glass and dried our carpet and walls and boarded up the windows. We were very happy with their work!

If those guys were so good and nice, if I had a daughter or sister, they could date my daughter or sister. I trusted these guys. It was nice that the company they worked for, but they were very clean, courteous. You could not ask for better employees.

Having professional team that can provide assistance during such a stressful time is exactly what was needed. And Advanced Cleaning and Restoration is that kind of company. They were understanding of our needs took extreme caution to protect our home, health and mental wellbeing. We had so much going on at the time and their crew and especially their team leader was efficient, fast and cooperative. They helped make the situation better as quick as they could.

The people who did the work were very, very nice. They could not have been nicer or more cooperative. It was a very difficult job and I give them a lot of credit for doing what they had to down there in our basement.
