I would highly recommend the team at Creative Cabinets for your project. We will most definitely consider them for our master bathroom updates after the beautiful work done in our kitchen.

I cannot speak highly enough of the painting and carpentry skills that their team has. The work was done very professionally and the team members are great at communicating any changes in the process. I always felt safe leaving the team in my home while I was away. The finished product is better than we could have imagined. We highly recommend.

Comment from Creative Cabinets & Faux Finishes, LLC

Thanks Renee! I appreciate the feedback.

They were ahead of schedule. They said it was going to take eight business days, but they were done in just three days.

Comment from Creative Cabinets & Faux Finishes, LLC

Thank you Janet for your feedback. We enjoyed your project and appreciate your business.

This is the third time that I have used Creative Cabinets. Remolding requires a tremendous amount of trust between the homeowner and contractor to achieve the desired results. Often times during the construction process, the finish line seems to be obscured by delays, poor craftsmanship and unexpected problems. Jenna and her wonderful team managed my bathroom remodel and did so in a very professional and timely manner. The result is a stunning bathroom that is extremely functional, and adds tremendous value to my home. The project was completed on time and on budget, with no surprises. I would not hesitate to use them again for future projects.

Comment from Creative Cabinets & Faux Finishes, LLC
Thank you so much Kevin. We enjoyed working for you again. Jenna
