The punctuality, friendliness, efficiency, professionalism of the crew and the finished paint job were beyond reproach. I had 3 rooms, an entryway, and two hallways, plus some smaller touchup areas painted, and all looked perfect when finished. The pre-job communication with Chris S. was timely; and both he and the owner stopped by after the job started to see how things were going. Pat B., the owner, also followed up after job finish to ask if I was happy with the result. Yes I am! Thanks to all for a good customer service experience and a great result. I highly recommend this company to anyone who wants a perfect paint project result.

Fresh Coat came on time and completed my small residential paint project quickly and efficiently. The quote process was easy (they set up a time, showed up on time, took measurements and sent a quote later that day). They were able to move our project date up early having finished another project early! The team was courteous and kept the area they were working in clean. My only minor complaint was that some of the paint made its way around corners onto areas it wasn't supposed to be applied. They offered to touch it up, but I politely declined and fixed it easily with some touch up paint on my own - no hassle at all.

We are very happy with the job Fresh Coat Painters of Cranberry did painting our kitchen cabinets and two-story foyer. They went the extra mile on the prep work for our cabinets and island and it shows. The results are stunning. I would definitely recommend Fresh Coat for their customer service and quality of workmanship.
