Eric and his team were wonderful to work with. They painted most of my interior, which included wallpaper removal. They were so professional and timely, cleaning up every day, so that my house was livable while in flux. I would strongly recommend them to anyone who is looking for any painting to be done.

My deck was finished in temperatures that were too cold and now the stain scratches when anything moves on the surface very unhappy. I was assured the temperatures were fine. The owner tells me that I need to put a carpet under anything that I place on my deck. After following up with Sherman Williams they verified my fears it was in fact NOT ok.

Eric and his team were amazing to work with. I hired them to paint the entire interior of both homes I own and could not be happier. They were professional, friendly, and did great work in a timely fashion. There is no doubt that if I need any painting to be done in the future they will be the people doing it. My husband and I are very happy customers!

I am skeptical anytime I use a new contractor, but I was very pleased with Fresh Coat Painters. The crew arrived early and finished the project on time. They were very easy to get along with and the crew did an excellent job. I have already recommended them to others.
