This was the second time we hired Fresh Coat to work on our house. We're very happy with the work they've done for us.

From the beginning of our project, Chad was terrible with communicating with us. We asked several times if he was able to stain a large built in bookcase and was told it wouldn't be a problem. The "finished" product was awful and D.I.Y at best. The stain was applied with a paint brush and never wiped, the wood was not sanded evenly or sanded at all in some places, bristle hairs from the paint brush they used are now locked under the varnish, the varnish was applied without wiping down the sanding work so there is now a rough texture. The list goes on. After many attempts of us reaching out to Chad to figure out a solution (he never met with us in person again after we explained the issues we had with the work), we ultimately told him to just leave the job unfinished as to not make it worse. Worst experience I've ever had with a contractor. Not sure how he runs a successful business with how unprofessional our experience was working with Fresh Coat Painters.

I was rather nervous hiring a painter for my new home in Texas as I was still in Michigan. Chad was great in communicating with me and sending photos showing how work was progressing. When I did finally move to Texas I was so pleased with the job the company had done. Chad stopped by to check in with me and as I write this he will stop in again after the flooring has been laid to see if any scuff marks etc need to be touched up. Would happily recommend Fresh Coat of Schertz to anyone.

Chad and his team were fantastic! This is one of the only times we haven't had a single complaint about a contractor. The team worked hard, had wonderful communication, and did great work! We were 100% pleased! Definitely recommend.

I was very pleased with the quality of work and the professionalism of Chad & his painters. I received a very detailed estimate ahead of time so there would be no misunderstandings. The estimate included the paint so that saved me the trouble of shopping. I thought the cost was very reasonable, and the job was done in the time frame discussed. I will use Fresh Coat to do my exterior in the fall.

Fresh Coat Painters of Schertz attention to details and quality of work was remarkable. From the very start in identifying the work that needed to be done you can tell what they are made of. They provided the most detailed quote showing what work they would be doing. The end result was truly remarkable, we highly recommend them for any painting project!

Fresh Coat did an excellent job painting our nursery! Chad was very pleasant and easy to work with. It was to get a quote scheduled. The painter that was sent for our job was very thorough and professional! We had no issues with our experience whatsoever. I would highly recommend them to others and plan to use them again in the future!

Fresh Coat was recommended by a friend, and it was an excellent recommendation. You don't paint your house very often and when you do, you want it done right. It was!
