I enjoyed having the interior decorator. That took a lot of stress off of me. The whole process seemed easy to me, which was not what I was expecting. There were no horror stories.

Jake and his people were wonderful to work with. They were sensitive to my timing and my situation of building from afar.

We were very pleased with Larry Edmunds. He was very professional and took care of any issues that came up. This was our first custom home building project, so we were very inexperienced, but the staff made the entire process smooth and effortless.

Jake and his team were very sensitive to my needs and unique situation. They worked very hard to fulfill all of my needs and were understanding of my time schedule.

A ten! They were wonderful! Jake, Larry, and Kent came out and brought me this huge notebook and said, "Here, everything you need is here", and joked about quizzing me later. They were so great.

This was probably the easiest thing I've done in my life. It was extremely easy because Whit made contact with us almost daily. I didn't have to call him, he would call us and inform us of everything that was going on. It was great.

I would recommend them without reservations. They are great to work with. I would build another house with them (but I am not because I am never moving again).

Mr. Ivey is an honest businessman in a world where so few exist. It is refreshing to know that there still exist people who are true to their word. And also he and his staff are wonderful at what they do. (I required much hand holding.) They never let me down!

The most honest, committed, and sweet group of people! They are great at what they do and the building experience was a good one. I tell everyone how highly I think of Ivey and his employees.
