The entire experience was handled professionally and with patience on the part of each and every member of Nejame & Sons. Our VERSA pool is the perfect size and placed perfectly on our property! We met with Tommy Nejame several times to discuss placement on the site, size, depth, discussions about Code and he was knowledgeable beyond our expectations and SO patient; took all of my phone calls personally!! Greg did an amazing job with excavating; our property was challenging to say the least! We waited many years to have a pool; was a dream we never thought would come to fruition and these guys made our dream come true! We have a most amazing POOL thanks to Nejame & Sons~
