The area where I was most satisfied with Olthof Homes was the house was built already. We came in and purchased it. The ease at which the purchase happened with them was nice. They were very accommodating to our needs.

I had already known about Olthof Homes because I owned a town home with them. We live in a town home for 8 years that was built by them.

I heard about Olthof Homes from my realtor. We moved out here from Utah and had four days to find a house.
