I would recognize the main installer, but I can't remember his name. He is a young guy who just had a baby. He did most of the communication with me.

COMMENT

Additional Comment
Sep 27, 2012

I was most satisfied with the communication. They kept me informed as to what was going on and what the next steps would be.

Special kudos to Ted Hendrix who went out of his way to make sure I was satisfied. He even called me after the work was completed to see if there was anything else I needed and to make sure I was pleased with the work.

I was most satisfied by their timeliness. They came in right away to start working on the house. My first issue was with the AC, so they came immediately in the heat to do what they could to fix it.
