They were very professional. They worked with us and listened to what we had today. We are very satisfied and very much enjoy our new pool.

Dennis Carson, that does business under Premier, is shadier than a used car salesman. Do not use him.

was always on top for the money but not to check the job sites was periodically checking but just for a minute or two and my mistake was giving them most of the money in advance I should kept the final money until all was clear I paid the pool with no financing .
