Sep 19, 2018

We always wanted a pool service that didn't need our attention! Pure Swim allows us to enjoy our pool without having to manage the process. Now, our water sparkles and has a pleasant "feeling" when swimming. The technicians perform their work inconspicuously so that it appears that the pool is taking care of itself... which is exactly what we wanted! :)

We met with the owner before signing an agreement. He impressed us with his knowledge of the industry and ability to discuss all aspects of pool care. He assessed our current equipment and didn't try to "upsale" us on additional tools or options. Our time w/ the owner felt very honest and straightforward which convinced us that we'd found the right company.

Additional Comment

Sep 19, 2018

We haven't had any issues w/ our service. I'm sure if we needed to meet with the pool technician we could schedule a time to do so, but he comes early in the morning before we wake up - just the way we like it!

Through Pure Swim's innovation and recommendations I can always trust, I have a chemical-free pool. It's increased our enjoyment of the pool/spa exponentially. Pure Swim is one of the last of the throw-back companies that actually values the relationship of their long-term customers. That kind of customer service is getting very rare these days.

REVIEW

Abbott B.
Aug 21, 2018

Simply the best pool service of which I am aware; had another service that was used by several friends and was "fine". Switched to PureSwim at the urging of a friend and have never been happier. Have serviced my pool now for over four years; great experience all the way around. Cannot recommend highly enough.
