This is the second time using this company for window "fog". I am pleased with the result of their work. They come on time, are polite and clean on the job site. The office staff communicate well the upcoming schedule. Thanks for superior service.

Glass Guru install my shower surround. Workers arrived at scheduled time and were courteous and professional. Although a measurement or installation error occurred (happens) requiring a new piece of glass, the glass was promptly ordered, the work rescheduled, and completion of the installation was completed. I would recommend Glass Guru.
