I have already recommended SIS Exterior Renovations to my neighbours. They did an excellent job on replacing my old cedar with beautiful Hardie Board, now I don't have to listen to the flickers destroy my house every day!

REVIEW

Quality of work is outstanding, crew worked during super hot days non-stop, can't think of any negatives. From demo to Hardie board install to extra garage and door painting, all crews top notch professionals. I really appreciated them working hard to accommodate door painting add ons at the last minute with a smile in a timely manner. Would highly recommend SIS if you want a top notch end product. I am a super happy client.

The exterior of our house was damaged by a hailstorm in July 2021. SIS completely renovated the exterior of our house, new Hardie board siding, new stone work, plus new front & back decks. Our house looks completely different now and we love it! After the renovation was finished we actually had people come to our door to compliment us, ask what exactly we did and who we used. SIS's work crews were awesome; very professional, friendly and respectful. They answered all our questions and did a fantastic job. Would recommend SIS without hesitation.

We are thrilled with the end result of the exterior renovation of our house! It looks like a brand new home compared to before. All the staff at SIS were professional and did quality work. Only complaint would be how long we had to wait for them to get started but this was mostly due to waiting on supplies and how many renos were ahead of us from the previous year. Would definitely recommend this company!

There is seldom in life an experience where results exceed expectations. Our experience with S.I.S. Supply was one of those rare times when the results did surpass our expectations. Overall the quality of the product and the workmanship were first class,

From beginning to end, I was extremely pleased with everyone involved in my renovation project. They installed Hardy board on my house. I am so thankful to them! They are a very strong company, meaning their staff is polite, professional, attentive to the customer's desires and strive to accomplish a job very well done.

Great Company, very professional. Good communication letting us know the steps and process along the way. Went over and above to help solve attic issues we had, that other companies we not able to solve (they have since been resolved thanks to SIS expertise).

The team members at S.I.S. Exterior Renovations all went above and beyond our expectations. All were friendly and professional. Our house looks amazing! The Hardy Board siding and rock work that they installed makes our old house look new! Many in our community have sought us out to say how great our house looks.

We are very impressed with quality of workmanship from SIS. Jody, Chris, Taylor and Billy were great! As well as their mason and eavestrough guys. This was a big renovation for us, but Chris and the crew helped ease our concerns when they whenever we had questions or concerns.

★★★★★

Our project manager was great always there doing what he could to assist us and checking in almost every day. The construction crew was excellent, working through the heat without a break and working hard. The area was also kept as clean as could be during the whole process. We can't say enough about Francis and Eric and the crew they were great. We appreciated everything they did and the hard work they put in. The painters were a little lax but then it could have been because of the heat. The outcome is great. Thanks again.

We could not be happier with the finished job. The people at SIS were excellent to deal with. They kept us involved and consulted with us throughout the project. Francis, the jobsite supervisor, was very professional and easy to communicate with. The install crew were the best contractors we have dealt with ever. We have done many construction and renovation projects over the years and no one has ever paid as much attention to detail, fit and finish as they did. Thank you S.I.S. for not only meeting our expectations but exceeding them.
