We have been totally impressed with your team and the quality of your work. From start to finish the project was handled with courtesy, efficiency and attention-to-detail. Chris, Zach and Troy --each gentleman was outstanding in every way; follow-up was excellent, conversations always cheerful, kind and inspiring confidence every step of the way. We both commented that the quality of workmanship and professionalism of the team. was the BEST we have experienced in any service sector in the last few decades. Outstanding!!!! Sub-contractors were also terrific--please let them know that we love the California knock-down ceiling. The planning, strategic organization, set-up and clean-up for every phase of the project was phenomenal. We particularly appreciated the heads up phone calls prior to visits and the follow-up after completion at various phases to make sure we were happy. Thank you so much for a very positive and stress-free experience! What a great company!

Trevor and his team were very professional, very capable, and did everything they could to make the conditions as perfect as possible. They took great care of the tenant during the work to keep her as accommodated and comfortable as possible. I was very appreciative of that.

Jul 15, 2019

Garbutt Construction have been one of the most considerate company's that we have dealt with in our time of need, in regards to our tragic situation they took care of our problems immediately, explaining what was going to be done by their staff to bring our home back to being liveable once again. Trevor Jay communicated with me in what was going to be done and when and he kept his promise. I commend his staff for they were all very professional and I never once heard them complain about a fellow employee or what job may have to be done. The whole team were absolutely amazing and I would definitely highly recommend Garbutt Construction if we ever ran into another situation I would be calling Trevor Jay to help with any of our needs for making our home liveable once again as I know we could without a doubt trust the Garbutt team to take care of my needs.
