I had a vision and Genesis made it come to pass with proper design and expert craftsmanship. I could not be happier with the result.

Genesis built me a new porch cover and Kyle Cockram managed the project and he was fantastic from the first day on the job until the last. He was extremely knowledgeable, kept me updated on the progress of the job constantly, and was available at all times of the day to answer questions. I really felt that he had my best interest in mind with every decision. I can honestly say that he (and Genesis in general) really broke the contractor stereotype: they were neither flaky, unreliable, or dishonest. In fact, they were the exact opposite of those things. I trust them to do a great job, in a timely way, and would work again with them in a heartbeat!

Genesis Group was efficient and courteous. The plans were followed. Changes were suggested that improved the project. Would recommend them for landscaping. Did
