I interviewed several companies before choosing Hauk. There were several companies that just told me what I wanted to hear rather than provide me with expert advice. After careful consideration and cost analysis, I chose Tim Ryan and Hauk. I believed then and now know that although Hauk wasn't the cheapest but they were the best! For me it was about advise, honesty, value and service after the sale! Couldn't be happier with Tim and Hauk!

Hauk and Peter Jackson designed a gorgeous pool for our home. Communication can sometimes be lacking so expect to have to initiate most of it. Make sure all of the details are type written on the blueprints so that there are no errors.
