We hired Penn Construction + Design to do a massive overhaul of a old Victorian that needed everything from a new roof, to a whole HVAC system, all new wiring, new plumbing, and updated (and new) bathrooms. From start to finish, Dan and his team were fantastic communicators and kept me informed and up-to-date on every process. We have lived in this house for just about a year, now, and every day here reminds us how lucky we were to find Penn CD.
