Everyone is always so professional and polite. I appreciate getting a call when someone will be late.

Communication, planning and workmanship. They kept me up to date on everything yet did not overwhelm me (this would be frustrating as I work a lot also, I expect the GC to handle the job mostly and they did fantastic). The workmanship was incredibly beautiful, they are very good at what they do.

Referral from my friend, but I also researched them a lot online and they were great to speak with on our initial call.

They are a great team, I am very happy with my project. I will use them again in the future for my residence and my work place. I will recommend them to everyone I know looking for a general contractor.

Pro Renovations responded to my job the same week, needed the header replaced above my garage door, no easy task, it was completed professionally, timely, and to my satisfaction. They completed any small details I requested. Great job, I will call them back if I ever have the need for another remodel job..
