They had a house that was available and it was the right timing. We went and saw the house and they were very helpful in making it happen. The timing was just right.

The layout of the house - the open floor plan and lots of natural light. We like the way the design of the house gives privacy and lots of natural light. There isn't a closed-in feeling even though there are houses on 3 sides.

Location and the exterior, interior design certainly drew us here after we discovered it. The residents we encountered along the way gave us the impression it would be a nice place to live. Ali was a pleasure to work with from beginning to end. Let's just say that she never did anything to deter our interest in the Villas .... she was a positive force throughout the process. Once Jason stepped in, he followed in her footsteps and handled the building and communication process from there. Everything was professional and timely.

For a 1st time home buyer, it could have been an overwhelming process. However working with Tonya, Mike, Tom, Nathan and Becky all of our questions were answered and we were put at ease during the process.

TONYA GRINSTEAD!!! Tonya is the epitome of Customer Service! If there is ever anything that anyone on the property needs Tonya is there - whether she is at work in the office or not and she is there with a smile on her face! Especially prior to our build, we had a few (?) questions and Tonya was always understanding with us. She would spend as much time with us as needed to make sure that we were comfortable with things. She a very big reason for our working with Nova Triad! If we did not have a good experience with Tonya and Becky Tow, we would have gone elsewhere!
