I was very impressed. Affordable was absolutely top notch. The people were decent, clean, and everything about them was great. I was shocked. If I ever have anything wrong, they will be the only ones I call.

We accepted some deviations to the original plan, but overall happy with Deck installation. Just make sure to have everything documented exactly as you want.

Affordable Remodelers did an excellent job on our siding and gutters. We will use this company again for any future projects. There were some issues with the final wrapped window count, but Kevin and Eddie worked with us on the price for a highly satisfactory outcome.
