They were very professional from the estimate through to the finished product. I thought the price was fair for the quality of the product.

After coming off a remodel job (contractor recommended from known source) that is over 9 months behind I was a bit torn with moving ahead with All Exteriors after reading the reviews. I'm glad I went ahead with the project, every body that we worked with Stefan, Heather, Ashleigh, Dan and George did an excellent job of making this project successful. Our house was not an easy project it's not a typical structure. They did a great job and we love it. It's very hard to decide things based off references, we had a solid reference for our remodel (not All Exteriors) and that has been a nightmare. We had a concern with the reviews for All Exteriors but have had a great experience. So you never know how it will go but we have learned you need to be flexible with projects so many things can put them off track.

May 16, 2019

The All Exteriors crew arrived at our home and quickly set-up to make the necessary gutter and cap parts needed for our job. The installation crew arrived at the same time and carefully set up ladders and planking to complete the installation of 4 gutter sections (one about 50 foot long) quickly and safely. The gutters look great and worked well in a recent rain storm. Thanks All Exteriors for a Great Job at a reasonable price.

We arranged to have our gutters replaced in late fall. All Exteriors kept me informed throughout the winter about when our gutter replacement would occur. Their communication was excellent and the gutter replacement was done with care to make sure the water would flow down to the collection spouts.

The salesman Alex was very professional and helpful in showing me what products were available. The best part was that he didn't pressure me into buying a certain product, he simply showed me the pros and cons of each option. Eric the installer was very professional and did an amazing job way faster than I thought possible. He answered any questions I had during the process and made sure I was happy with everything when he was complete.

Jan 24, 2019

Total nightmare. Contract signed August 2017, work completed Nov 2018. 15 months to complete a 3 week project. Original reside had poor and careless workmanship causing many dents, 150+ scratches, ladder rub marks and other issues too numerous to list. Very frustrating making phone calls and e-mails to All Exteriors and getting little to no action. All exteriors claimed no responsibility for the poor workmanship and said the siding must have came from the manufacturer that way! They ended up doing a second reside in Nov 2018 . They did not even so much as give us an apology for our inconvenience and trouble! Definitely would not recommend.

The gutters we had installed look very nice! The installation crew was friendly, professional and cleaned up the site upon completion. One of the downspouts installed was not as described at the time of purchase. I attempted to contact someone from All Exteriors to discuss the change and it took them three weeks to return my phone calls after leaving five messages. They also were not willing to adjust the price based on the change in the downspout, which is now very visible.

REVIEW

Brad S.
Minneapolis, MN
Dec 15, 2018

I had the K-Guard gutter system installed on all of my home. It is very expensive, but I think it is the best covered-gutter system on the market. All of the old gutters were taken off and taken away and the K-Guard system was installed. The installation crew was great to deal with. They were clean and efficient in the process. My only complaint is that it took 3 months from the time I signed the contract to the date of installation of the gutters. When I signed the contract, I was told that I could expect to have the gutters installed in about 6 weeks. I was kept informed by mail twice, that All Exteriors hadn't forgotten about us, but was not informed about the installation date. My wife had to call to see when our gutters would be installed and coincidentally, the materials were delivered that same day. I just wish that the gutters would have been installed sooner so that I could give them a more fair and thorough review of how they performed during our wet fall season.

Comment from All Exteriors

Thank you for your review and feedback on our K-Guard Gutter System! It is always great to hear from our customers. I assure you that your feedback has not gone unheard and we are diligently working to improve in many aspects of the company. Thank you again and we would like to invite you to please continue to share your experience on the following link: <http://allexteriorsllcnewrichmond.com/reviews>
