Alpine Glass Windows & Doors

REVIEW

Omer B.

Jan 03, 2017

They were very pleasant and professional. It was a job well done.

The work done in FSJ was timely and well done. There were a few delivery and billing challenges on the Chetwynd job.

The price was comparable to another local shop but we chose to go with Alpine Glass Windows & Doors because of their customer service. We got a quote right away, we received the doors within the time frame that we were told, and our installation date was met and was never put off.
