Bloomfield, MI
Feb 20, 2016

American Standard Roofing installed a new roof on my home in July of 2015. Out of 5 bids, there's was the best. Moreover, they answered all of my many, many questions before I even went with there bid. Extremely knowledgeable staff. Installation was done very quickly, just two days. They came back and fixed some minor issues the day after I called. Finally, they have a great service warranty. They take any concerns very seriously and will send service tech over asap without hassle. Would use them again and recommend to others.

I did not know the trash bin was coming the night before. We were home when it came. Had we not been home, we would not have been able to get our car out of the garage.

REVIEW

Aug 11, 2015

I was very happy with the work American Standard Roofing did on my roof. Their price was well below the two other quotes I received and the owner personally stopped by during the installation to check on his crews progress. I am a very happy customer.

Aug 10, 2015

It was not a standard roof replacement. We had other concerns that were not addressed in the final completion.

REVIEW

Aug 08, 2015

I think they were a little overpriced. They charged me an extra \$300 for delivery and products.

The owner did what he said he was going to do, they stayed within budget, gave us a beautiful roof and kept our house clean while doing it. I would highly recommend them.

REVIEW

David B.
Sterling Heights, MI
Jul 02, 2015

Left for work in the morning and when I got home I had a new roof. Everything was cleaned up as promised. I did have a minor issue a few days after the roof install, but they had a man on the roof within an hour to correct it, and the owner followed up with a phone call to make sure all was right.
