This was really an amazing home building experience. From the moment we stepped into the model homes, it was really an easy process. The design center was set up perfectly. It wasn't too overwhelming. Krystal was amazing in helping us with selections. My husband and I went by the house every day while...

We LOVED working with Bob and found him to be very helpful and responsive throughout the construction process and even afterward when a few issues popped up.

I was most satisfied with the lending part and that they were on time for closing. The lender was excellent! The project manager Chelan Pimentel was thorough and always responded quickly to any concerns I had.

I think the most satisfying part was that it was a very painless transaction all the way around. Ashton met all their commitments on their end without having to address anything a second time.

This was a great buying experience. We greatly appreciate Colleen's patience in working with us while we tried to sell our current home before signing a contract with Ashton Woods. By the end of the process, I felt like I had a new friend. Again, working with Denise and Brian was also a pleasant experience....
