We had a great experience with BLB Custom Building! The attention to detail, professionalism, and sticking to the timeline was impressive. We highly recommend working with Ben and his team!
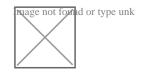

Ben and his crew will bend over backwards to make sure the job is done to your standards. We're literally trying to find other projects for them to do! Can't give them enough compliments.

While I expected a high level of service, the BLB crew went above and beyond to provide an outstanding result. Despite a very tight timeline, nothing was sacrificed and attention to detail and superior craftsmanship are evident throughout every area of my business.

BLB Custom Building is highly talented and professional at what they do. I recommend them very highly; they are the very best that we have ever worked with over the years.

I highly recommend BLB Builders and any problems we had were related to a rough winter weather situation and not caused by the builder.

If your looking for a builder who is reliable, innovative and honest look no further! BLB was a delight to work with and he can help with any situation. Whether it's new construction or remodeling he's extremely capable!! Great group of guys ~ Josiah
