Our home was in need of a complete re-roof very late in the fall season. Joe came by the day after our inquiry to evaluate the project, and then provided a very reasonable estimate same-day, incorporating high-end materials. We accepted and Joe then made extraordinary effort to get us on the schedule before the snow flew. A week after our initial contact the project was fully completed - and sure enough, the weather turned the next day and that was probably the end of the roofing season. The crew itself was efficient, friendly, and did I really thorough job with clean-up. We love how the project turned out and are pleased we chose Blackwolf Exteriors.

It was a very professional job with that small business feel. The job site was very clean. The work was completed very quickly and it was a very personable touch throughout the entire process.

Professional, work done on time, efficiently. Crew accidentally knocked off and threw away our dryer vent. Blackwolf replaced this quickly and matched our siding well, which we appreciated.

Initial consult went great-very professional and knowledgeable-however communication after agreeing and sending down payment was minimal at best- I had to contact them every once in awhile to make sure they were still interested in the job. I will cut them a little slack, due to the fact we had that June hail storm.....Overall, I am satisfied with the completion of the job, and the follow-up after the job was complete.

We were very pleased with the job in total. They found a material for the outbuilding to match the material on the house. Everything was left clean and orderly. And, yes, we would recommend their services.

I contacted Joe Karras at BlackWolf Exteriors 1st for a new roof at my river cabin because he was highly recommended by previous customers. BlackWolf definitely lived up to their excellent reputation and my expectations finishing the job with an excellent price, excellent workmanship, on-time and leaving the site spotless. I was so pleased that I contracted with them a couple of weeks later for a new roof on my main home for which I was equally pleased. I would not hesitate to recommend BlackWolf to friends and Family members!

We had exceptional service with BlackWolf Exteriors in replacing our roofing. They did a very efficient job and the yard and all areas were cleaned up well. They came a day or two later and did a second sweep of the yard and double checked everything that was done. We would certainly hire them again and recommend them to anyone. Their pricing was also better than we expected.

Joe went way above my expectations and there was no delay. He was always available when I needed him. I already have recommended them several times. No doubt they will do the same kind of job for others as they've done for us. It should be more than four stars! They did an excellent job. Every time I see my roof, every day, I'm grateful for the work they did.
