Mike Bongiovanni met with us on numerous occasions to discuss possibilities for residing our house. He was patient, knowledgeable and motivated to insure we were satisfied with the result. The construction team led by Reyes diid excellent work. We received daily updates during the construction and Mike and Reyes were flexible to making changes as the project progressed. Mike and his team were positive, professional, took pride in their work and always followed through.

Mike worked tirelessly to help me plan and execute my exterior house remodel. The work was done with the highest level of craftsmanship, and I am thrilled with the outcome. From the onset, it was clear that customer service is a priority for the company. I have already recommended Remodel Design to several friends.

Remodel Design by Bongiovanni provided the type of ideas I was looking for in re-siding/remodeling my home. Mike Bongiovanni and everyone else that either worked on the job, or with whom I interfaced with, was very professional and courteous and the outcome of the project was beyond my expectations.

Mike was at job site daily....kept me updated on all aspects of work. He had great recommendations for details that added such beauty to the outcome of the project. Early on I mentioned how good the house looked, Mike corrected me by saying when remodel was complete it would be "great". He was so right.

Remodel Design had learned that the siding product that we were interested in using had some production deficiencies and they gently steered us away from selecting a defficient siding product and helped us in selecting an alternative quality product that actually went better with our color scheme.

Remodel Design was very helpful with design and materials selections. Showed concern about overall project costs and material quality. Remodel Design helped us in making cost effective decisions to achieve a great final end project. Remodel Design had excellent subs that perservered under the most adverse winter weather conditions experienced in years. Remodel Design and their subs were very accommodating and easy to work with when the need for changes arose or we requested additional work. They were quick to ask our opinion on a number of items before they proceded with the particular item of work.
