Sep 15, 2019

Steve Smith, project manager did an outstanding job keeping me informed of the details of the roof installation, dates and time of the installation of the roof, worked side by side with construction crew to keep yard debris at a minimum and very helpful with the warranty information and paperwork. Everyone from Jessie and her staff in the office to the roofers were very professional and courteous. Highly recommended company,

Aug 06, 2019

Picking the right siding company, for us, meant first doing some online research. We narrowed it down to two companies we wanted to bid our project, then conducted face-to-face interviews with each of them. We were blown away by the professional approach of VanWeelden. It started with their no nonsense, no "over selling" bid process. From there, their willingness to help us narrow down color and product choices, and the over the top communication of what was going to happen when, all added up to a most positive contracting experience. Matt and his crew said what they'd do, and did what they said. We couldn't be happier with the finished product, our house looks brand new! Highly recommend these guys.

### REVIEW

Jun 17, 2019

Brad Van Weelden's work and professionalism are outstanding. I would highly recommend them to anyone looking to get siding and roofing done. They don't do windows but they referred us to someone who does windows and that was outstanding as well. The windows, siding, and roof were all done at one time and within 7-8 business days. They were awesome.

This company did a wonderful job with my roof. Matt was great with communication as he checked in with me several times throughout the day. The workers arrived early in the morning and finished before 5 p.m. It was fantastic to have the work completed in one day.

We were extremely impressed with the customer service and professionalism Brad, Steve, and their entire team provided for our roof replacement project. From the beginning thru the end - they exceeded our expectations and then some. They were our advocates throughout the entire process and made sure every detail was addressed. We couldn't be happier with the services provided by BVW Company; they've earned our trust and without question I would recommend them to friends and family. Thank you for making sure this was a positive experience for us!! Rob & Tracy Schwarzenbach

Brad Van Weelden Company was such a joyous experience. I had my entire home renovated and dealt with various contractors. The amount of time was two years before completion The Van Weelden Company was so superior to all the rest of the ones I had been working with. Absolutely NO GROUP like them whatsoever. Their professionalism, being at my home when they say they would, the top of the line materials, the attitude of all workers. I could go on and on about them. I have never, ever seen the like! Their goal was to make me the happiest ever. And they went over and beyond my expectations! They truly are a tough act to follow! Rose L. of Des Moines

Aug 29, 2018

If we ever need a roof repaired/reshingled or new gutters again in Des Moines area Brad VanWeelden Company will be our first choice. The quote was competitive, the work was on schedule and on cost and the workmanship and follow up were excellent. The workers were courteous and no loud blaring music or foul language like we have experienced with some other contractors. Project Manager was on top of everything and made extra efforts to protect our asphalt drive during shingle delivery and insure work was done correctly and cleanup was complete. Roofing workers had to work around some weather delays and spent one long day getting everything sealed up. Their office staff registered the warranty for us and promptly sent the documents and invoice. Our family was very pleased with the work and the final appearance of the roof on our home. Thank you Brad VanWeelden Company!

I was extremely pleased with the professionalism and expertise of both Brad Van Weelden and his subcontractors. The work was done timely, and the area kept neat at all times with both my house and second garage. I would highly recommend the Van Weelden Company to anyone needing the array of services he offers, a true professional with a one stop shop for all roofing, siding, gutters, painting and other services as needed. Thanks for the excellent job!!
