It went smoothly and very quickly. I was in contact with the owner a few times due to a home inspector's questionable comment on the roof and he prepared a roof certification that me resolve the issue.Great customer service!

They did a wonderful job with the roof replacement, communication, and cleaning-up. From what I can tell, they did good, quality...

When I met with Charlie, I felt like a valued customer. I have faith and trust in their ability to get any job done. Overall, I was satisfied with the job done. I thought the price was good, and I think the guys that worked on the roof basically did a good job. They were thorough, and I have no leaks. That is all that matters.

I was most satisfied the way they took care of my house. They put tarps over the house, and a trash can over plants, to protect them. They were very considerate, and cleaned up well.
