They are very professional. They build quality is excellent. The customer service was excellent as well. On two separate occasions, the company measured incorrectly which delayed our project for 4 weeks.

GUILDMEMBER SINCE 2017

Mechanicsville,, VA
Aug 03, 2017

Everything was absolutely great. We have so much more space than we had before. We have already recommended them. It is a good company. We have already called them to do another closet.

We were very impressed by the sales representative. She was very professional, came up with very creative solutions to our storage needs, and she had great follow through. She also showed up during the installation process to be sure everything was going correctly.
