Double D Contractors, with Doug Dervon, did work on my daughters house. I saw very unprofessional work. Siding that didn't line up, roofing with plywood shims to hide a belly in the roof, and a bathroom shower that was not plumb, (out 3/8 of an inch!!! Excuse after excuse was given for their screwups!! DO NOT HIRE THEM!!!

Had Doug Dervon Double D contractors build us a 2 story extension. This company is nothing but a joke from the owner Doug and his Foreman Billy who don't care about their customers what so ever to their thieving electrician that they use who is Doug's brother Robert Village electric. Every thing they did from the framing to the sheetrock was crooked not even and horrible. The windows on 1st floor are not even the sheetrock had to be redone by our new contractor after Doug walked off the job. The quality of work his company performed was despicable you can't even imagine. I'm talking brand new floors that are uneven by 3/4" Which caused us to have to mud our 2 bathroom floors to put down the tile. The sheetrock was so bad most of it needed to be redone. The high hats were not in straight lines. The floor joists aren't straight. At this point out new contractor from Roxwell construction has fixed everything as good as he could after extensive work. The electrical needed to be mostly redone as well as Robert shouldn't put lights on a Christmas tree let alone wire a home. Robert is a thief and a complete joke. Do not use this company or Village electric they will destroy your home not improve it.

Double D did my kitchen renovation. The kitchen looks amazing! The staff are very professional. They always kept me up to date on each phase of the renovation. Everything was completed in the timeline we discussed. I highly recommend them.

Doug and his staff were friendly, clean and made sure that when something was not done right, they fixed it immediately. All in all it has been a good experience.

I have been doing business with Double D contractors for 25 years. I would recommend them to anyone wanting to build a home or doing repairs. They are professional and you get a great value for a good price. They go beyond in their workmanship and in dealing with the townships of Long Island counties.
