This is the second time I've worked with Fletcher Construction and I cannot say enough good things about them! Dealing with Mike and Tyler from Fletcher Construction is always a pleasure. The crew that built my deck, screen, and porch were very knowledgable. The crew was excellent to work with! I would highly recommend getting a quote from them before finalizing with any other contractors. The quote I received from Fletcher Construction was significantly lower than others and the quality of the work was amazing.

They did a good job with the deck and were reasonably priced. Everyone I talked to was very friendly. When I called they were very prompt and courteous, but there were a couple times when I wish their communication to me was better. I took a star off because they did a very poor job of cleaning up afterwards.

Team Fletcher was great from start to finish. Do yourself and family a huge favor and contact Fletcher Construction first for your deck! Gunny, Kyler and Donna was awesome. The crew is extremely professional and even helped my father when he fell off the riding lawn mower. If you want a quality deck, professionally built at a fair price contact Fletcher Construction.

Timely, professional team to work with. Excellent communication throughout the entire process. Any adjustments needed were made the very next day. We needed our project design to accomodate an existing patio. The team at Fletcher created a beautiful design to accomodate our existing patio space - Absolutely Perfect!

We did a lot of research spending so much money on our screened in porch and deck. There are a lot of companies out there that do it, but both the quality of work we had seen in their previous projects, and the small local veteran business made sure we went with Fletcher. Everyone who sees it is blown away. Couldn't be happier.

I am very happy with my beautiful new deck from Fletcher. Gunny was great to work with, he was honest with us with all of our options, at the interest of saving us money. I feel that I got a great finished product for a fair price.

I used Fletcher for a new roof. The level of customer service I received from them is rare these days. Jeremy explained every option available, including all pricing. The communication from Corey was outstanding, as well as the professionalism we received from the entire company. I'm a firm believer that you get what you pay for, and I believe we definitely got a quality product. Since it's a roof, only time will tell, but I have no doubt we will not have any issues. The next time we need a large home improvement project, Fletcher will be the first we call.

I chose Fletcher Construction because they were local...they did a beautiful job on my roof...the crew was very professional and neat and my house looks GREAT! The work was done in a timely fashion and I am very satisfied. I am now going to ask for estimates for siding and gutters...it's a very good company!!!

Stafford, VA
Feb 23, 2018

The team from Fletcher construction removed the aluminum siding from our home, replacing it with vinyl, wrapped the house in a weather barrier and added a window into an unfinished space. I am extremely happy with the work and the crew, who performed it. There was one issue where a portion of the trim was damaged during the siding removal, Fletcher made it right replacing the trim and painting to match. I was hesitant to transition from aluminum as the other houses in my neighborhood, which had all have ripples and bubbles in the side. After Jeremy, our sales consultant, assured me that was an installation issue, or an issue with the underlying sheeting, I decided to proceed. The siding on our house is as straight as a board and I could not be happier. I would strongly recommend Fletcher Construction to anyone seeking a contractor for exterior renovations.
