This was one of the best experiences I've had with a contractor. The use of technology in the quoting process was impressive. Our room had somewhat of a challenge with what we wanted to accomplish and the painters were experienced and intelligent enough to provide a solution that exceeded our expectations.

I had my whole house powerwashed and painted by Fresh Coat Painters. I contacted Andrew Barger and told him what I wanted and sent him a picture of how I wanted my house to look along with the colors. Dave, the project manager, showed up the morning that the job would be started. He walked through everything with me to make sure it was right. Nelson did all the work and it turned out beautiful! I couldn't have been any happier! I will definitely use them again in the future!

Fresh Coat Painters did a fantastic job painting our home in Centerville! Very professional, communicative, efficient, paid great attention to detail, neat, and friendly. I was also very impressed with the management team. Came around to check on progress on a regular basis and did a complete walk through review after all was done.

I have had homes painted by individuals before but never a company. I see the benefits of having a company do the work now. It was more professional, done quicker, and trusted more. I really enjoyed having Fresh Coat do the work.

Fresh Coat Painters did a great job painting the interior of our house. Brian, the manager, was helpful with scheduling after we accepted their proposal; Jose and his crew of painters were very polite, friendly, and professional. They showed up as scheduled, worked consecutively until the job was done, and cleaned up after completing the painting. I would recommend Fresh Coat to anyone looking for painters and will use them again when I am ready to have our downstairs painted.
