They got it done in a timely manner. They should have some one to check and make sure all parts are painted.

★★★★★

This is the first time I had my house painted, and it was long overdue. I had a lot of questions. Andrew, who was the first to look at the house, was very professional, he patiently answered all my questions, explained what needed to be done and why, and consulted with people at Sherwin-Williams to confirm the plan. Everything was done right - excellent communication, the estimate was delivered very promptly, excellent quality of work. Nelson and Lorena worked efficiently, with attention to every small detail and minimal disturbance for us. Finally, I decided from the beginning that I would not select the contractor based on price, and I did not, but in the end Fresh Coat's price was the lowest, although that was just a nice bonus. I selected them because I was convinced they were the right company for the job, and they didn't disappoint. Highly recommend.

Fresh Coat Painters did a fantastic job painting the exterior of our house! They fit us in their busy schedule quickly, and it only took four days to do the job! They even overcame a random winter storm at the end of April and got the job finished quickly and correctly! The customer service is top notch, and they respond to calls and emails quickly. I DEFINITELY recommend Fresh Coat Painters!

★★★★★

The exterior architecture of our house is such that is not easy to paint. Additionally, we added our garden house, painted similarly, to the project. We are impressed with the hard working crew, the quality of their work and care they took to complete the job on time and as promised. We recommend Fresh Coat Painters for your project.

I am so pleased with every aspect of their work. I planned on painting the interior of myself allowing 10 to 12 days of backbreaking work. At my age, no way! The crew finished the entire inside of my house in 1 and had days including all items moved back in place. I am so pleased that I got this quality of work and saved my back as well! Thank you!

REVIEW

I've had a run of bad experiences with contractors. Getting our house painted was a surprising change. If we have any more painting needs I would use Andrew again without getting quotes from other companies. He was that good.
