Tom and company came to remodel our dream kitchen. Not only did he turn that into a reality, he went beyond our expectations. He made sure every new cabinet was perfect looking or had it replaced. He repaired / replaced parts of the kitchen that weren't part of the scope but did them anyway for little or no cost. Overall, we highly recommend Gizmo as they do work at a reasonable price and make sure you are 100% satisfied before expecting any payment.

I had another contractor walk off the job of redoing the siding on my house. Gizmo Home Craft came in and redid the entire outside of my house: roof, siding, windows, and gutters. And all this was done within a very reasonable time frame of only few months, when the first contractor took over a year to do just the siding and left when a lot of work was still not done. I am extremely pleased with the work Gizmo did on my house.

Stanley was on time and did a fantastic job of painting our vaulted ceiling and was very professional and knowledgeable and would definitely have him back in the future.

Hi Tom,I was just over at the house and the roof looks awesome! You and your roofers really went beyond the call of duty on this one with the ridge vents that were not even in the original estimate. I really appreciate your prompt service with this...especially considering the weather!Please let your roofers know how much I appreciate their work. We will probably be needing a new roof on the Eagle Street property in a few years also and you will be the first one I call.Thanks again,Tim
