Trevor went above and beyond what was expected by me to answer questions and inform me of details of the installation process. Trevor was extremely personable, professional and time efficient in his workmanship.

The excellent quality of material. The knowledge and skill of the installer. I was very impressed and satisfied with the exceptionally short amount of time that it took to clean up, prep and install my replacement glass.

I don't recall the name of the 5 or 6 gentlemen who worked on our home, but they all were individually outstanding and professional. They worked with the efficiency of a NASCAR pit crew with everyone doing their assigned job to make the entire process fast and flawless.

There were no short falls in our expectations and they exceed the ones that we had. The experience of having them in our home was comfortable and they earned our trust by their actions.

The team from Glass Guru of Grove City was excellent in every way, but we are most satisfied by the finished product for their workmanship is superior. They did the complete job from beginning to end while other companies we had look at the job wanted up to sub-contract for a carpenter and painter. Our was a very challenging project but their team handled it with grace.

Our home has huge windows, some measuring 12 feet tall or more, and when we needed a replacement we called lots of window places and they all seem to think it was too big of job for them, but Glass Guru of Grove City. These are REAL glass professionals who showed no hesitation in giving us a solid estimate and time frame to do the work, and they did exactly what they said. They are an experienced and efficient team who are courtesy and took the time to explain exactly what we wanted to know. These guys are the best and I strongly recommend them for any project for they can do it all.

The whole team, from the initial consult, to Lisa in the office, to the work team were very helpful and friendly. The repairs in the sunroom were very tricky because it required the team to walk on the slanted, glass roof to recaulk all of the glass. Thank you.

I had excellent service. The only thing I would recommend is that it be made more apparent that at the Grove City store, you need an appointment. I just happened to stop in to drop my shower door off when Trevor was there so i wasn't affected. Everyone in the whole process was very accomodating! I'll be back!
