Aug 09, 2016

I live in Raleigh, NC but have a rental home in Greensboro, NC. I called this company to give me a quote on the work I wanted done. To this day, I have never received one despite several calls to inquire about it. I have been very understanding because of their possible heavy work load and extreme temperatures we have had lately. Enough is enough now and I have moved on to another company to do the work. I am extremely disappointed in this company and doubt very much that I would ever consider them again to do any work to my rental home.

HES came out and listened carefully to our concerns and desired scope of project, talked us through the choices to be made, and promptly delivered their estimate. Work was scheduled quite quickly, and completed on time and at quote. Very happy with their work.

REVIEW

Phelix A.
Greensboro, NC
Jan 04, 2016

My project was the repair, replace two stairwells, and to eliminate squeaks on the entire upstairs location. I was introduced to Frank and Melissa; Frank the carpenter and Melissa the receptionist demonstrated a genuine concern to help. Between both of them, I was completely satisfied with the way they handled and helped me with my project; they worked with me when change orders were needed and the overall experience with Handyman Pro was outstanding. The professionalism, expertise, and the willing to help went beyond something normally expected. Frank and Melissa, congratulations on a Job Well Done!.

I had some sheet rock work to be done. The people I used previously did OK but I was looking to find someone who was reasonably priced and who would do a good job and Handyman Pros did that. Everything went smoothly.

Greensboro, NC
Aug 06, 2014

Consummate professionals. They understand your budget and deliver. I consulted 2 other companies in the past. Other companies will sell you on services THEY want to sell you. Home Energy provided those services that we actually NEEDED; and services that were cost-effective. Positive experience overall. I just learned they also do handyman work. We will take advantage of their skill set in that domain next.
